Conclusion

The above has shown the main instructions for writing the text. All that is missing now are the instructions regarding references.

References to other publications should be in Harvard style, Times New Roman, 10 pt, left aligned, hanging indent 0,5 cm. They should contain full bibliographical details. Journal titles should not be abbreviated. References should be presented as follows. Within the text: Author's last name followed by a comma and the year of publication, all in round brackets; e.g., (Fox, 1994). When the number of authors is three or more, references in the text should be (Fox et al., 1995). At the end of the paper, list all references in alphabetical order. In the reference list all authors should be included.
